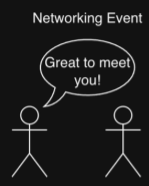
Meet Recruiter

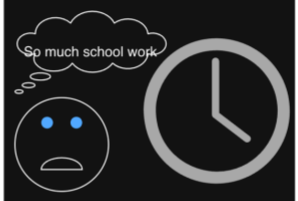


The user meets a recruiter at a networking event and has a positive conversation about future opportunities.

Plans to Follow Up

After the event, the user intends to follow up later but doesn't write down key details or a next step.

Gets Busy

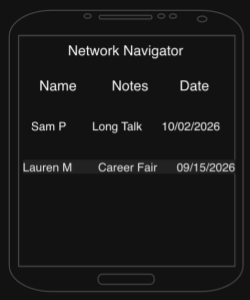


Classes, work, and other responsibilities take over, and the user forgets to follow up right away.

Forgot Details

When the user remembers the contact later, they struggle to recall what was discussed and fell awkward reaching out late.

Log Contact in App



The user opens Network Navigator, adds the contact, and logs notes from the conversation while the details are still fresh.

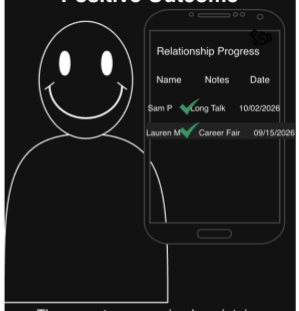
Set Reminder

The user sets a follow-up reminder date so they know exactly when to reach out.

Reminder + Follow-Up

When the reminder appears, the user opens the app, reviews notes, and sends a follow-up message confidently.

Positive Outcome



The user stays organized, maintains momentum with the contact, and improves their networking follow-through.
